baby's advent is practically painless.

"I will endeavor to tell you of the many benefits I have derived from taking Dr. Pierce's Favorite Prescription," writes Mrs. B. E. Robertson, of Medicine Lodge, Barber Co., Kans. "In the fall of 1893 I was expecting to become a mother and suffered terribly with pains in the back of lead; in fact I sched all over. Suffered with awful bearing-down pains; I was threatened for weeks with mishap. A lady friend told me to use Dr. Pierce's medicines. She had taken them and felt like a new woman. I began using the 'Pavorite Prescription' and took four bottles before my baby came and two afterwords. I suffered almost death with my other two children, but hardly realised that I was sick when this baby was bern and she weighed twelve and one-quarter pounds. She is now aleven months old and has never known an hour's slokness; at present she weighs thirty-seven pounds. I owe it all to Dr. Pierce's Ravorite Prescription."

THE END OF RETROCESSION.

The project of wresting Alexandria from Virginia and tacking it on to the District of Columbia is probably dead for this session of Congress at least. Senator Hoar, from the committee on the judiciary, yesterday evening re-ported adversely the only bill bearing on the subject now before Congress. The report of the committee says:

"The territory on the other side of the Petermacriver, including the city of Alexandris, which was originally a part of the ten miles square, was ceded Virginia for the seat of government. It was retroceded to Virginia by act of Congress in 1846, accepted by Virginia, and thereafter Congress exercised no jurisdiction over it, except so far as it controls the Arlington National Ceme-THE "3 DAYS" CURE (For Men.)

Virginia accepted the transaction, it being under the benefit of the national government.
